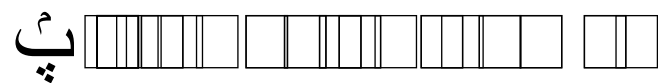

Figure 1: A diagram illustrating the structure of a 1D lattice system. The lattice is represented by a horizontal chain of 16 sites, each enclosed in a square box. The sites are arranged in two groups of eight, separated by a vertical dashed line. The left group of eight sites is labeled 'Left' and the right group is labeled 'Right'. The sites are connected by horizontal lines, representing nearest-neighbor interactions. The diagram is labeled 'Figure 1' at the bottom left.

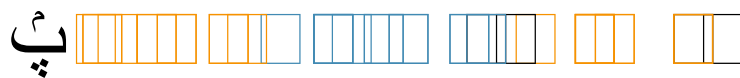

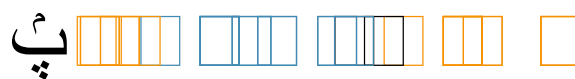

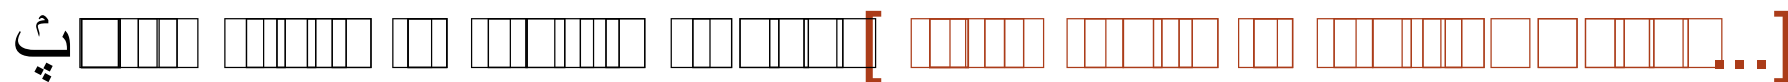

Figure 1: A sequence of 10 diagrams illustrating the step-by-step construction of the word $\mathbf{w} = \mathbf{a}^2\mathbf{b}^2\mathbf{a}^2\mathbf{b}^2\mathbf{a}^2\mathbf{b}^2\mathbf{a}^2\mathbf{b}^2\mathbf{a}^2\mathbf{b}^2$. Each diagram shows a row of boxes representing the current state of the word, with the next letter to be added indicated by a colored box (red for 'a', blue for 'b'). The sequence starts with an empty word and builds up the word letter by letter, showing the insertion of 'a' and 'b' in pairs.

سُبْحَانَكَ اللَّهُمَّ وَبِحَمْدِكَ
أَشْهَدُ أَنْ لَا إِلَهَ إِلَّا أَنْتَ
أَسْتَغْفِرُكَ وَأَتُوبُ إِلَيْكَ
